

**WORKSHEET #20: VITAL SYSTEMS, EQUIPMENT AND PRIORITY**

Using the information gathered in Worksheet #14, list those systems and equipment that are absolutely necessary for the continued operation of critical processes or services for fourteen days (i.e., computer, software, etc.). Do not include systems or equipment that may be useful but are not essential to performing the service.

Critical Process or Service	Critical System or Equipment	Networks or Servers that Must be Operational in Order to Support the Critical System or Equipment	Priority	Description	Type of System

This worksheet is from the Maryland Emergency Management Agency (MEMA) Continuity of Operations Planning Manual.
